The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting \$1,800,000 in funding for Village of Grayslake Center Street Health & Safety Watermain and Lead Service Line Replacement Project in fiscal year 2027.

The entity to receive funding for this project is the Village of Grayslake, IL located at Village of Grayslake 10 South Seymour Avenue Grayslake, IL 60030-1542. The funding would be used to replace aging 100-year-old watermain infrastructure and fully remove remaining private lead water service lines, in accordance with state and federal lead service line replacement requirements. The project will modernized pipes, valves, and hydrants will improve hydraulic capacity, water pressure, and fire flow, strengthening emergency response capabilities and protecting property in one of the community's most active economic corridors.

The project is an appropriate use of taxpayer funds because replacing the more than 100-year-old watermain infrastructure along Center Street will significantly reduce the risk of disruptive main breaks that can affect hundreds of households and dozens of businesses simultaneously.

The project has a Federal nexus because the funding provided is for purposes authorized by section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Bradley S. Schneider".
